Dear Sir:

On this file, we have received the issued patent document in April 2005 .

On review of the document, we noted that the patent office has issued the patent using the original drawings as filed. These are incorrect

On March 4, 2005 in response to an office action dated January 14, 2005 , from John Fitzhugh the undersigned filed new formal drawings, 10 sheets in all.

When the patent was issued these formal drawings were not used.

John Fitzhugh no longer has a number at the USPTO.

We have sent numerous faxes and enquiries on this problem but we have never received a response from anyone.

It would be appreciated if the Examiner could review this matter and advise me on how to proceed.

We would like to have the patent issued with the submitted formal drawings of March 4, 2005.

Your respectfully,

**Ejler L. Sorensen**
